# Pathway Planner™

**Clearer Paths to Brighter Futures**

Career change statistics suggest that the average person will make a career change approximately 5-7 times during their working life. Do you need help identifying career choices, and careers that you will be able to learn at a comfortable pace, excel in using your natural tendencies, and love doing? Pathway Planner™ is an in-depth planning and personal assessment you can use as an educational and career planning tool to discover which career possibilities best suit you. Research shows that when you find the right career match, your probability for success and satisfaction increases dramatically.

Whether you are pre-college, in college, or simply in transition seeking the right career fit, Pathway Planner™ provides you with critical decision-making information to help you shape your future.

**The Pathway Planner™:**

- Provides an overview of unique strengths, talents, and abilities.
- Assists students with selecting majors and degrees that match their thinking style, personality traits, and interests.
- Identifies career possibilities and provides insight into occupations for the highly-skilled, competitive workforce.
- Assists adults in transitioning from one career to another.
- Introduces a mechanism for individuals to learn about their abilities and validate their career choices.
